Mr. Dan Charlton

1964-1965

1965-1966

1966-1967

Twenty-five years ago, Mr. Dan Charlton began teaching business education in Wright City High School. In celebration of his anniversary, the 1987-88 yearbook is being dedicated to him.

When Mr. Charlton began his teaching career in Wright City, he was one of ten teachers at the school. Even though the school population has grown over the years, he claimed that his classes have basically remained the same size.

Mr. Charlton attended Murray State University, in Murray Kentucky. His major area of study in college was business. His decision to teach business education was made in high school.

Some people consider Mr. Charlton a difficult teacher, but he feels that he is a typical business teacher. Since his classes are electives, he feels that the students are there because they chose to be and they decide their grades by the efforts they put forth on their studies.

Being a business teacher, Mr. Charlton often notices typing or other errors — like those in the daily announcements, for example. He admitted that he has, on occasions, brought these errors to the attention of the office. All in good humor, of course.

Mr. Charlton claimed that he feels very proud when a student who has been in one of his classes decides upon a business major in college or a business related job. He also added some advice for prospective shorthand students: eat, sleep, and drink shorthand, if you want to do well.

Mr. Charlton feels that Wright City High School does a good job in preparing its students for college. He said that the size of the school limits a wider variety of classes, but the size also allows for a better teacher/student relationship than it would if the school were larger. Even though the school population has greatly increased since he first began teaching, the need for additional business teachers has not been necessary and he does not feel that it ever will.

Mr. Charlton stated that he has been very happy with his job here in Wright City and he has no future plans of retirement. He said he plans on teaching for at least another fifteen years or so

FRIENDS

A person's high school years should be the most important time of their lives. It is time for learning, a time for growing up, and certainly a time to remember! We will never want to forget these years as long as we live. This yearbook was put together for that reason, to capture those special memories. I hope that 10 years from now you can look back in this yearbook and remember all those special times that you shared with your friends. Regardless if those times were good or bad we have all learned about life from our experiences in our high school years.

We should not rush our high school days because once they are over they are gone and we will be out in the real world looking out for ourselves. We will no longer depend on our parents to protect us from our wrongs.

I hope that everyone enjoys this yearbook as much as I have enjoyed help put it together. I would also like to congratulate the rest of the yearbook staff on a job well done. Hold on to these memories and **DISCOVER THE MOMENT!!!!**

Tricia Dixon
Editor

Being co-editor of the yearbook brings on more responsibility. There is no time to goof around in between deadlines because I have alot more pages to do. It also means that your pages are expected to be turned in on time, no matter what. This could mean that you do most of the work by yourself in order to get it finished. I'm sure Editor will be alot harder but I'm looking forward to it.

This year's Cadet Band is again in full swing for the upcoming year. Conducted by Mark Blackmore, these talented young people have spent many hours trying to master their instruments and just about succeeded. There are many kids in that class that have a chance in succeeding in a music career. Good luck to you all!!

Our Junior High Cheerleaders are an energetic group with a lot of spirit. They cheer for all the Jr. High games. Their sponsor is Debbie Wilding. Their captain is JoAnn Lemon and co-captain is Jennifer Justice.

"I think cheerleading has been very exciting, because we all know what we're doing this year", stated Jennifer Justice.

Kris Dixon says, "I think we're doing alot better for this year since most of our squad is experienced. It is alot of fun, we all get pepped up for the games."

"I think it's been a successful year. I think we got a lot accomplished this year. I think we had great school spirit and teamwork", added JoAnn Lemon.

Junior High Cross Country is a new sport to Wright City High this year. There were 14 daring young people that endured the traumas of practice every evening for just one meet. They all stuck with it though. We wish all of them the best of luck in the future.

Jamie Pauk enjoys the meet.

JR. HIGH BASKETBALL . . .

Waiting for the rebound.

Running down the court with the ball in their hands and the opponent after them is the way the Wright City Jr. High Girls Basketball played. The team consisted of 6 seventh graders and 5 eighth graders. They had a nice season thanks to the help of their coach, Sandy Christopher. They worked very hard and learned a lot about the game and also about sportsmanship. Heather Williams explains, "We played good as a team and the seventh graders learned a lot this year. Coach Christopher prepared us well for next year in high school basketball." Good luck to all the Jr. High Cats!

PERFECTING TECHNIQUES

This year the Junior High Boys Basketball consists of people from both seventh and eighth grade. Although they are not on the same team, they don't always play at the same time. The seventh graders almost never play with the eighth graders.

Behind the team that good, there has to be a coach. This team's coach is Mr. Gary Farris. When asked what he felt about this season, he commented, "We had a very successful season. We didn't win a lot of games but we became better basketball players. We improved enough through the course of the year, to the point that we will be ready to begin next year with a lot of enthusiasm."

The players of the team had to work hard all season. Their season was so short so they didn't get to play much ball, but they did improve very much. When asked how the team did a couple of players had no comments but a couple did. Mike Rust "If we had a longer season we would have did better."

Mr. Mike Andrews
Principal

This is Mr. Michael Andrews second year as junior - senior principal. During this time, he has established himself as an educational leader to nearly 400 students and 35 faculty and staff members.

Mr. Andrews has a open door policy for students, teachers and parents. He has a deep concern for the welfare of the students and takes pride in being fair and consistent in all his dealings with people. During the course of the year he has managed to help the school maintain a positive image and to strive for quality education. "Everyone here is great," commented Mr. Andrews about the school. "School pride and spirit are displayed by all of the students. We have a lot going for us. During the next several years there will be major changes taking place as the school and the community grow. With everyone's continued support and encouragement, we're going to be meeting these changes and challenges head on."

(standing l-r) Homer Stude, Fraser Small, Pam Gerdeman, Earl Requat, (sitting) Evelyn Dutton, Iris Schaper, Maurice Overlander. (87-88 Board of Education)

Maurice Overlander
Superintendent

This year we have a new addition to our school. Mr. Maurice Overlander has joined us to be our new superintendent. Before arriving at W.C.H.S. he was superintendent at Bucklin for three years. Mr. Overlander was also an elementary principal for 6 years, a Jr. High counselor for four years, and a Psychology teacher for two years. It may take a while for the W.C.H.S. to get used to all the changes but we're going to do the best we can to make him feel welcome! Good luck in the years to come from the yearbook staff of 1987-88.

Talk about a hectic day! It takes alot of patience and earplugs to drive a bus. Every morning and every night they have to duck from flying objects, put up with screaming, and even break up fights. Somehow they manage to maintain order and stay calm. It takes a great person to drive a bus.

Nancee Ripetto

No matter what the pain is, Nancee Ripetto is there to cure it. There are times though when she has to put up with students who pretend to be sick. We all know that Nancee isn't just our school nurse but a friend to us all.

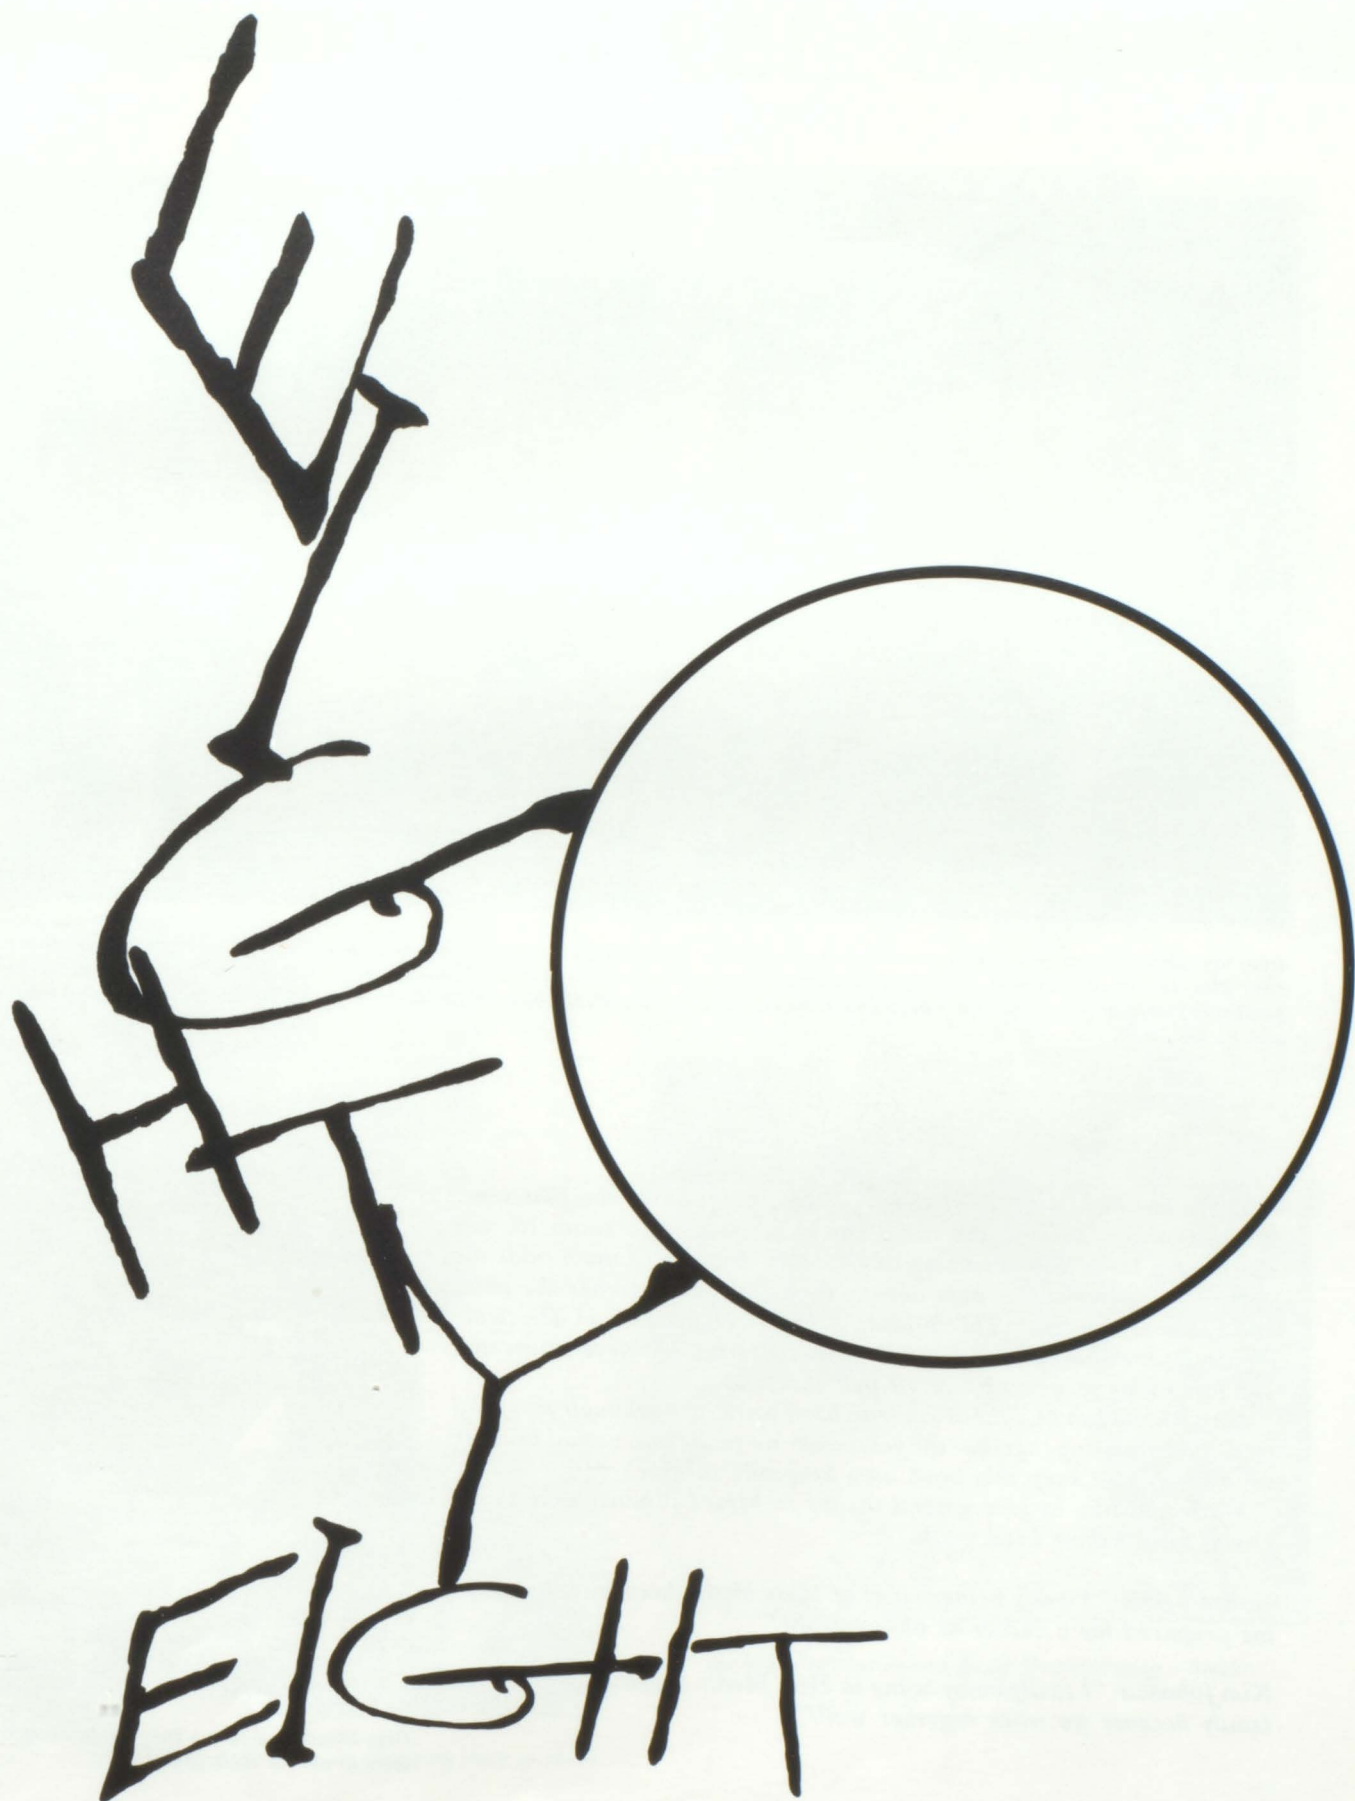

Billie Arnett

Headaches are all part of the job for Mrs. Arnett and Mrs. Brandes. All day they answer ringing phones, sign tardy and absentee slips, and type away. Everyone thinks their job is easy but they have one of the harder jobs at this school.

There has been a lot of changes in Mass Media over the past year. There is a new advisor, the room has been changed to room 18, and there are a lot of new members on the staff. Against all these odds the staff came through. Not only does Mass Media put together the yearbook they also publish *The Wildcat Tales* which appears in *The Warrenton Banner* biweekly. Even though at times the staff feels frustrated and just wants to give up, we all pull through!

Mass Media can be a lot of fun with hard work. Even though we spend many hours putting together the yearbook, we really don't mind because we want you to keep this book as a keepsake forever!

We would like to give special thanks to Mrs. LaChance and Tricia Dixon for all their hard work.

Robyn Lewis- "I enjoy being a part of Mass Media because it helps get me prepared for a career in photography!"

Kim Johnson- "I really enjoy being in Mass Media because we are like a family because we work together well!"

I like being the sponsor of this group because I get a chance to see my kids out of the classroom. After all, it's not everyday you see kids trying flautas, chimichangas, or flan. I'm really looking forward to going back to Casa Gallardo again next year!"

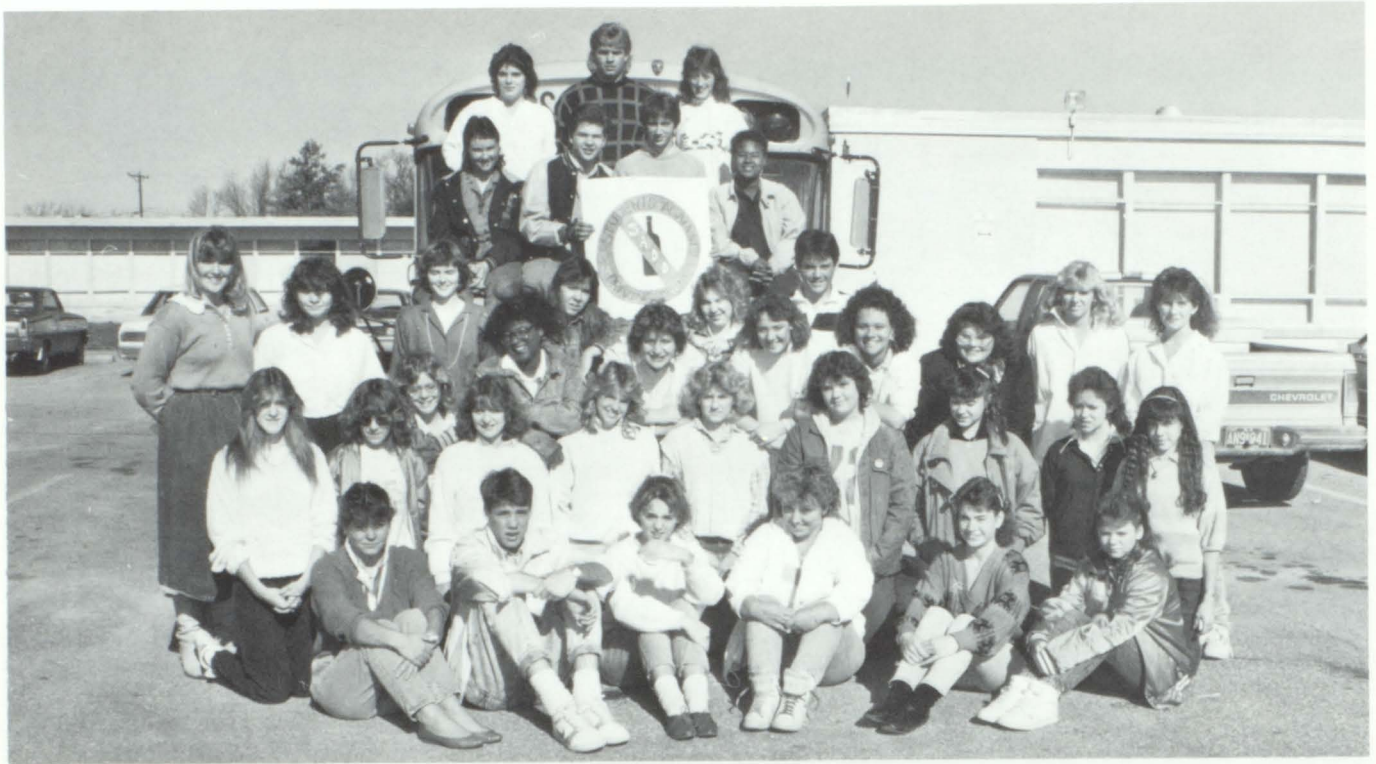

Beverley Martin, a Senior this year, remarks, "I really enjoy FLC. It gives you a chance to learn new things and try new and different types of food, when we go out to eat." S.A.D.D. — Students Against Drunk Driving is now in its second year at W.C.H.S. This chapter has been set up to help students familiarize themselves with the consequences of drinking and driving. Facing the fact that many students of W.C.H.S. go out on the weekends and are faced with the drinking and driving situation, it is a good idea to have a place for students to come and discuss their feelings and hardships. Miss Stetson, the organization's sponsor quotes, "The SADD organization has grown since last year. The students in the organization feel very strongly about the drinking and driving problem in today's society. Our future goal for the coming year is to establish drug-free parties."

Positive Action Works! As of last year, Mrs. Schellman started positive action works (P.A.W.). She started it by giving out contracts to all of her students and letting every one know about it in the announcements. All you had to do was sign a contract saying that you wouldn't get any tardies, absences for a quarter, and to maintain a C average. It was for which ever one you wanted to sign for. This year P.A.W. is a new club joined to W.C.H.S. If you go a quarter without breaking any of your contracts, then Mrs. Schellman will either take you to the park, out for pizza, or on various trips. It just goes to show that positive action does work! Thank you Mrs. Schellman for bringing out the positiveness in the students.

Rah! Rah! Rah! The 1987-88 cheerleaders are looking great. They have been participating in boys and girls games this year. The Rah Rah's have really been showing their spirit for both teams and the teams really appreciate their support. Captain Shari Kohr quotes, "This year has been great so far since we've been cheering for both the boys' and girls' teams. Being captain is really different than last year, but it is fun. Co-Captain Julie Brunkhorst quotes, "I enjoy being co-captain because I have learned to be more responsible and be more of a leader. I think our squad is good for being so young and not that experienced."

Jennifer Garner quotes, "Cheerleading is a fun experience and a chance to meet new people from other schools. I can also show off my school spirit." Holly Williams quotes, "Being on the squad is fun this year because we were able to cheer for the girls varsity and junior varsity also."

PEP BAND

Rowdy and loud is how people around WCHS describe this year's Pep Band. People come to the games to watch the teams, but also get a real treat when the band starts strutting its stuff.

This year's band is bigger, louder, and crazier and have fun doing the crazy stunts they do. Bryan Martin quotes, "We are just up there to have a good time and to cheer the players on!" Dwayne Heppermann, a Senior this year, says that, "This year's Pep Band is louder and more radical than any other one that I have been in, in the last five years!" Mr. Mark Blackmore, the band's director, comments, "Sometimes you get a band that has exactly the right combination of people and things just work well. This years group of 'crazies' are just great. See you at the games!"

JAZZIN' IT UP

This year Mr. Blackmore is teaching jazz as part of the concert band experience. This allows clarinet, flute, and baritone players to enjoy a style of music that they might ordinarily be excluded from.

The performing Jazz Band consists of 20-25 members, depending on the song. This band performs during regular band concerts and when the school has assemblies. Some of the songs they play during their concerts are: "Woodchopper's Ball", "Louie, Louie", "Sea Breeze", and "Blue Duke".

Mr. Blackmore commented, "Jazz Band is a great way to develop a student's skills and allows them to expand their playing styles. Solos are a way to express your interpretation of the song and is very demanding on the soloist."

Their determination and dedication paid off when they placed third at Culver Stocton, third at Kirksville, and second at Fayette. Congrats to the Marching Cats and the Flag Corps on a great year.

Keep the pride alive.

SPORTS

J.V. GIRLS IMPROVE . . .

The J.V. team had what one could say was a year of improvement. The whole idea for a junior varsity program is to learn and build your skills which you will use in future years. Our J.V. team improved all year and ended on a high note by winning their last 2 games. Their record ended at 5-7. They defeated Warrenton twice, Francis Howell North, Winfield and Wentzville. They lost to Montgomery City, Elsberry twice, Clopton, St. Dominic twice, and Orchard Farm.

The 1987-88 boys JV basketball team had a very tough year, but they worked hard. They played 22 games, winning 6 of them. Chris Lehmann stated, "It was fun to be coached by Mr. Kelly, we really learned a lot, and we hope to do better next year." Even though it was a hard year and there was little reward for their efforts, the team remained optimistic. "It was fun!" exclaimed Ken Krolik. The highest scorer for the season was Corey Gerdeman, with the most rebounds was Antwone Welch, and Bryan Martin had the highest free-throw percentage.

VARSITY GIRLS

Back Row: Coach Wright, Gina Blanks, Jennifer Diebold, Lana Kenter, Coach Elifritz. Middle Row: Cindy Rust, Kim Johnson. First Row: Robyn Lewis, Suzie McBride, Bridgette Gibbs, and Shelly Shubert.

The Wright City Lady Wildcats had another outstanding season. Out of twenty six games they won twenty-one of them. The girls worked hard every practice, and did the best they could do each game; by doing that they were very successful. Our Lady Wildcats will be just as good next year, with the hard work the girls are planning to put out this summer. They will only be losing two seniors, so they should be pretty good. We hope they can "Push It" for a perfect or near perfect season next year. We congratulate them for an enjoyable and exciting season and wish them luck for the upcoming year.

CROSS COUNTRY

This year's Cross Country team was extremely small, but they had a lot of determination. The runners were tenth grader Brian Gleize and ninth graders Melissa Huff and Kevin Mouser. The coach for Cross Country was Debbie Wilding.

"I think our team has done very well this year in spite of all the injuries we had. Cross Country is a very demanding sport which takes a lot of endurance and time," stated Brian.

Melissa quoted, "Life is in the fast lane when you're on the Cross Country team."

"I had a great time this year in Cross Country. It was my freshmen year and I'm sure I'll be back for three more years of running. The team was small, but it was still great fun and there was plenty of team spirit. It was a very interesting year," Kevin added.

Debbie Wilding stated, "Cross Country is a lonely sport in more than one way. Our team size was down from previous years and running is a self-discipline sport. I give a lot of credit to those team members who completed the season. They worked hard and learned a great deal. I feel the Jr. High meet held in October was a step in building the program for next year.

SOFTBALL

The 1987-88 school year had many advancements and additions to the Wright City School curriculum. One of the most successful was the girls softball team, which was lead to a .500 season by Coach Dan Springman and Sue Wright. The softball team was the result of the cumulative efforts of the coaches, school, and dedicated group of girls.

The lady Wildcats had to overcome a lack of experience, in many of the positions on the team; this was achieved through a lot of dedication, hardwork, and teamwork. The high point of the season was an 8 to 5 victory over the top seated team in our District. This gave us a chance to play in the championship game. With the result of coming in 2nd at districts.

The dance began after the final scoring of the basketball teams at the Homecoming Game. Students and alumni both attended this event as a welcoming of the basketball season.

 The Class of '88

THE FINAL

Everyday at 3:10 students rush out of their classes happy because school is finally over for the day. 3:10 is like a mad rush hour because traffic is so heavy and everyone is trying to beat the buses out of the parking lot. After school most students go uptown to Neva's Ice Cream parlor where they might get a soda or just talk and have a good time. Other students go to work or go home and do their homework that our loving teachers give us. Then there are those students who live at the school because of extra activities they might be involved in. Then no sooner as all the students get home and get relaxed and everything, it is time to get up and come back to school. And of course the students pray for 3:10.

Gina Blanks quotes "No I look a mess."

"Just Chillin," says Robert and Kathy Edwards.

Tricia Dixon is glad the day is finally over.

"Sure glad it's 3:10," says Chad Ordelhiede.

"It's Friday and time to party," quotes Carmen Sida and Tammy Jones.

MOMENTS

"Some gentlemen they are putting a lady on the back," smiles Jill Zuhone.

"Take the picture so I can get to work," Davon Turner expresses.

"I can't wait to get home and eat," Suzie McBride says.

Korey Gerdeman cheeses for the camera.

What a pose Jeff Brunkhorst!

John Birkholz "The Cool" glad the day's over.

"It's mine and I love it," says Aaron Ackman.

Bridgette Gibbs says, "Thank goodness it's 3:10."

3:10

AFTER

Students of W.C.H.S. do alot of different things after school is over for the day. Some spend time at the local hangout, Neva's, while yet others get ready to go to after school jobs.

At 3:00 on fridays, people are talking about their plans for that night and for the rest of the weekend. As soon as the bell rings at 3:10, everyone is out and about, buzzin' 'round town, looking for friends to talk to. They usually stop into Neva's to pick up a soda and play a quick game of foozeball.

Later that night, friends meet to go out together. Some go to the movies, while others meet to find out where the parties are. Some students cruz Warrenton or go to the Skate Barn or just plain run around!!!

Mother and daughter trying to work hard.

Chad being serious for once!!!!!!

The Martin sisters having fun.

Well, they messed me up again!

Hey Babe! What ya doin' tonight?

Mike trying to play fooze ball.

Wally caught off guard playing a game.

HOURS

Chris looks so thrilled, while Curtis plays intently.

Curtis plays his favorite game!

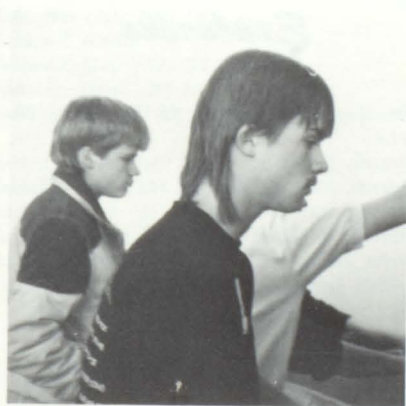

Michael looks like he's having fun..!

Beverley & Shane closely watching the ball.

Chris says, "Hey man. What ya think ya doin'?"

Jimmy plays a game while Brett looks on.
