Project Graduation

By: Tara Muelle

Project Graduation is a drug and alcohol free celebration the night after the graduation ceremony. The 2004 seniors held their celebration at the Rec-Plex in St. Peters. The graduates met at the high school at 9:30 p.m. and piled onto two buses to begin their last event as a class. They were allowed to play basketball and volleyball, swim, ice skate, enjoy free concessions, or just hang out with other classmates between games. Four games were played for cash prizes: a coin dive, balloon stomp, ice relay, and paper airplane toss. Once all the money and memories had been made, the grads piled back onto the buses and returned to the high school around 6:00 a.m. to start their new lives.

Wildcats Rebuild

By: Brad Nierman

Though the 2003 football team struggled this season with a record of 1-9, the future does look positive. The Wildcats worked hard through a rebuilding year and were forced to play many underclassmen. The younger guys who did play varsity were able to gain a lot of valuable experience to use next year.

Sophomore Andy Dreyer looks to the sideline before a play. He had 51 tackles playing linebacker this season.

The 2003 edition of Ladv Wildcat softball accomplished something that any other team from WCHS has yet to do, and that is win a conference championship. The Wildcats refused to lose in the Eastern Missouri Conference. finishing with an 8-0 conference record. Strengths of this years team were an abundance of pitching, team unity, quality coaching and athletic ability. Though they were a young team with only two seniors, the girls finished a successful season with a record of 17-4.

Coach Phil Burdett's Lady Wildcats struggled at times in the 2003-2004 season but they kept their heads up and worked hard. The girls dedicated their time towards improving their skills. Though they will be without two quality senior leaders next year, the future is bright for the Lady Wildcats. Some of the younger players gained valuable experience to help them in the future.

Echo, volume 71, was produced by the yearbook class at Wright City High School in Wright City, Missouri and printed by Herff Jones Yearbooks at the plant in Marceline, Missouri. The account was serviced by HJ representive Leah Blase. Mrs. Franci Schwartz served as the Yearbook adviser, the person who teaches the class. The 2004 yearbook class voted and decided to go with the theme Time to GrOw, and designed the cover using actual pictures of Wright City at night. We chose this theme because of Wright City's growth in such a small time. The yearbook staff consisted of editor-in-chief, Sara Tinker, photo editor and co-editor, Tara Mueller, co-editor Leigh Ann Kempffer, and sales manager, Dylan Holiway. Ten other staff members were responsible for the design and creation of pages using PageMaker 6.5. Echo has 128 pages that consist of 8 full color pages, 8 spot color pages, and 112 black & white pages. The 8 full color pages are located in the opening section; the 8 spot color pages are located in the senior section. When all of the pages were finished, they were printed and shipped off to the plant. Staff members went through more than 100 rolls of film using two Canon Rebel G cameras. All of the film processing was done through Walgreens. Lifetouch provided all of the portraits, sports, and club pictures, as well as some candids from several games and events. The books were sold for \$35.00.
